lime tone cave

for Guitar, Violin and Violoncello

2017
Keitaro Takahashi

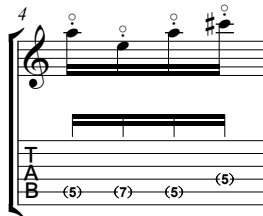

Explanation

1/8 tone lower 1/8 tone higher

Crossed hands : right hand strikes behind the left hand

Natural Harmonics : notation with circle indicates soundings

: Tab notation with bracket indicates the fingering position

ord : ordinary

s.t. : sul taste

s.p. : sul ponticello

+s.p. : molto sul ponticello (bow very near the bridge)

l.v. : let vibrate

array : transition between indicate playing techniques

slanting line between notes: glissando between notes

Triangle note should be played in as highest pitch as possible with an indicated string by roman numeral.

[illegible]

* The idea of this glissando between the highest possible position to somewhat very high position is not the glissando effect but the unstable unique sound gestures consisting of a mix of noise and tone.
Notes in a bracket indicates approximate position.
