To post jobs, advertisements, or other announcements please contact the Frontiers of Biogeography editorial office (frontiersofbiogeography@googlemail.com). Advertisements are \$50 per quarter page for professional or institutional positions. Announcements are free to members for vacancies in their lab. All advertisements and announcements also appear at no additional cost on the IBS facebook page (in abbreviated form) and on the IBS Blog (in long, or longer form).

job announcements

Associate/Full Professor in Natural Resource Management of Public Lands and Protected Areas

The University of California, Merced invites applications for an Associate or Full Professor in Natural Resource Management of Public Lands and Protected Areas. We seek a distinguished scholar who will provide leadership in establishing a program of international stature within the interdisciplinary area of adaptive management of complex coupled human (legal, administrative, economic, cultural) and natural (ecological, climatic, geologic, hydrologic) systems to sustain native species, ecosystems, and landscapes, and to preserve cultural heritage. Appropriate candidates will have distinguished research, educational, and leadership experience that emphasizes science, conservation, social science, and/or management. The ideal candidate will bridge science and management, and will lead efforts to develop interdisciplinary research and education programs at UC Merced associated with science, management, and sustainability of public lands and protected areas. For more information or to apply, visit <http://jobs.ucmerced.edu/n/academic/position.jsf?positionId=4942> AA/EOE.

Three tenure-track positions in Global Change Sciences

The University of California, Merced, Environmental Systems Graduate Group invites applicants for three, tenure-track academic positions as part of a Global Change Sciences Cluster Hire: Evolutionary Biology (School of Natural Sciences, Assistant Professor), Ecological Theory/Modeling (School of Natural Sciences, Assistant Professor), and Environmental/Ecological Engineering (School of Engineering, Open Rank). The ES Graduate Group brings together a diverse group of faculty, graduate students, and research scholars with a shared interest in interdisciplinary research of natural and human-impacted environmental systems. For more information and to apply, visit: <http://jobs.ucmerced.edu/n/academic/listings.jsf;jsessionid=4DD66CBAC92250789897AAE4EA75CABB?seriesId=1>

The application deadline is January 10, 2014. AA/EOE
