The 1st clarinets play the part of the Cuckoo in the 2nd movement. Each player is free to "cuckoo" whenever they want until the very end of the movement. Play as many or few as you want, play whether or not the others are playing.... or play in the many silent spots....or not! Think of yourself as a cuckoo bird in a near-by forest, not loud, just quietly calling.

Always play Bb to G as shown with the first note shorter and slightly more accented. In the last measures one player plays the final notes.
