Plot

Many years ago I had the opportunity to visit the city of Barcelona and discover part of its history. Saint Felipe Neri church is of Barroque style and is located in Saint Felipe Neri square in the gothic quater.

On 30th January 1938, in the middle of the Spanish Civil War, the Italian government, following Franco Dictator's orders, bombed the city and destroyed the church, as a consequence, 42 people died, majority children who had taken refuge in the church.

Today, you still can see the impact of shrapnels from the bombing on the wall outside the church, taking your breath away when you observe the effects of the war.
