Mission

The mission of the LBL Education Outreach Program is to make available the educational resources of the laboratory and its staff of scientists, engineers, graduate students, administrators, managers, technical and support staff to enrich and assist teachers and students in Bay Area schools.

LBL staff will volunteer in the schools as guest lecturers, tutors, role models/mentors, resource specialists, LBL research mentors, curriculum developers, team teachers and motivational speakers.

This program will also involve teachers and students participating at the laboratory in research, education and staff development programs.

Goals

- To provide a mechanism for LBL to play an integral role in enhancing education at local schools.
- To improve academic performance of students.
- To augment curriculum content.
- To make students aware of career options.
- To enhance the learning environment.
- To increase the visibility of LBL in the local community.

Objectives

- To provide volunteers to serve as guest lecturers, tutors, role models/mentors, resource specialists, LBL research mentors, curriculum developers, team teachers and motivational speakers.
- To provide tutoring and mentoring to increase academic performance of students.
- To make information and equipment available to enhance and expand the content of curricula.
- To increase the accessibility of LBL resources to teachers in local schools.
