In partnership with Regions Hospital Emergency Department and Behavioral Health nursing staff, crisis social workers and Emergency Medicine providers, this position will lead the coordination, quality and efficiency of acute care for mental health patients at their point of presentation to Regions Hospital's Emergency Department (ED) in St. Paul, Minnesota. In addition to being a top Upper Midwest Level 1 trauma and burn center, Regions Hospital is a national award-winning, innovative provider of Behavioral Health services to the Minneapolis/St. Paul metropolitan area and western Wisconsin. The department sees 80,000 visits per year with 10% mental health emergencies.

We seek a BC/BE Psychiatrist who is flexible, creative and engaging; has the ability to triage multiple clinical possibilities with limited datasets under competing demands on skills and time; possesses excellent interpersonal communication skills; and is a strong clinician with a mature sense of priorities/practical experience who can formulate and implement treatment pathways within the framework of hospital, medical group and community resources. Experience in psychosomatics and addictions with an aptitude for liaison work would be valuable assets, and the ability to guide multidisciplinary trainees with teaching and supervision in the emergency environment is a must. This full-time position involves direct patient care in a consultative role within Regions Hospital's ED and includes participation in our related network referral service and coordination with community-based providers to ensure the best continuity of care for emergency mental health patients.
